DATE: August 3, 2026

SUBJECT: Important Notice: Upcoming Price Adjustment Effective October 1, 2026

Dear Valued Dealer Partner,

As part of our commitment to transparency and supporting your business growth, we are writing to inform you of an upcoming price adjustment. Effective October 1, 2026, prices across our product catalog* will increase by 4%.

Mimaki USA strives to minimize increases to our pricing, however, to continue our focus and commitment of creating value, through the development of new products, while also improving customer satisfaction, through continuous enhancements to our customer service initiatives, periodic adjustments to prices are necessary.

Although the price increase will be effective as of October 1, 2026, we are sharing this news early so you have ample time to prepare your teams and strategically leverage this advance notice. Specifically, this window gives you an opportunity to:

- Close open prospects: Secure commitments from customers currently evaluating or processing quotes or financing at existing price levels.
- Incentivize hesitant buyers: Create a clear sense of urgency for prospects who have been delaying their purchasing decisions.

To help you maximize inventory ahead of this change, please review the following policy details regarding pre-adjustment orders and backorders:
